

# BILAL

Computer Science Student — American University of Sharjah

Dubai, UAE | [email address] | [phone number] | [LinkedIn / portfolio URL]

---

## SUMMARY

Computer Science student at the American University of Sharjah with hands-on experience building full-stack applications, data pipelines, and applied machine learning models through independent projects.

## EDUCATION

**B.S. Computer Science** — American University of Sharjah (AUS) *Expected 2027*

- Coursework includes Neural Networks and Deep Learning, Software Engineering, and Database Systems
- Cumulative GPA on track for approximately 3.4–3.5

**High School Diploma** — International School of Choueifat — Dubai, UAE *2024*

- AP Exams: Macroeconomics (5), Calculus BC (5), Microeconomics (4), Statistics (4)
- IELTS: 8.0/9.0

## PROJECTS

**Marketing Website** — Personal Project

- Designed and built a marketing website (Next.js, Tailwind CSS, Framer Motion, deployed on Vercel) for a real estate SaaS platform targeting GCC property developers
- Built scroll-driven animation demos and an interactive lifecycle section

**ForeverFit** — Personal Project

- React Native fitness app (Expo, TypeScript, Supabase) with a three-mode workout scheduling system and offline-first sync via a durable local write queue

**Algorithmic Trading System** — Personal Project

- Built a swing-trading signal model using logistic regression over an 11-feature OHLCV feature set across a 101-stock universe

## SKILLS

**Languages & Tools:** Python, TypeScript/JavaScript, SQL, React / React Native, Next.js

**Platforms:** Supabase, Azure SQL / Microsoft Fabric, SQL Server, Vercel

**Other:** Data pipeline design (Python, pdfplumber, Microsoft Graph API), applied machine learning
